Hit Songs covers total 1,000 songs with 6 Playlist including Cinema Songs by streaming playback.

These Masterpieces Songs can create new enjoyment for your life.

Map of 1,600 Spot Songs in Japan , 200 in Global and 500 Cinema Songs

## 2. The Spot Songs

Spot Song Menu has 2 choice as follows.

\* "Nearby" shows songs as per nearer distance from current spot

\*"Map" shows songs on the map.

On "Map" menu, tapping **Red Icon** to show Spot Name and Number of Spot Songs. Tapping "**Genre**" to select your favorite genre from **Overseas / Cinema / Enka / POP / ROCK / Animation / Sports** and their combinations.

On "Map" menu, tapping **Green Icon** to show Seasonal Flower / Spot Name and Number of Songs related to Flower.

## 3. The Hit Songs

"Hit Song" offers 6 Playlists with useful selections

Tapping "**Cinema ♪ by Places**" to display the song list on the right.

Playback Bar

The List shows Information such as Song & Singer Name by the order of **Nearer Distance** from the current place to the **Registered Spot** of the song.

Tapping a favorite song to start playing.

Tapping **i** mark in "**Playback Bar**" to show "**Play-Info Screen**" on the right.

This screen shows Original Singer, Lyricist, and Composer as well as, "**Topics**" with following Information if available

- \*Brief explanation of Song Name in English
- \* Cinema Star Name
- \*Registration Spot
- \*Location of Song Monument
- \*Hit Song Data and Ranking
- \*Release Year
- \*Jacket

1. Home Screen & Spot Song by "Nearby"

\* Tap Navi Song Icon on Home Screen of iOS Device

**(Tips)**  
 How to get Navi Song App at first  
 \*Tap "App Store" of your device  
 \*Tap "Search" as shown in "Red frame"  
 \*Input "Navi Song" in search bar as shown in "Green frame"

Home Screen of Navi Song GLOBAL. Scrolling down might be necessary to see the whole contents by some devices.

If you are in subscription or free trial of Apple Music, the device will automatically recognize the status, then this blue guide will disappear.

\*Main menu is "Spot Song" and "Hit Song"  
 \* Now, tap "Spot Song"

Select either "Nearby" or "Map" in Menu Screen of Spot Song

**(Tips)**  
 \*Every Spot Song has a Latitude and Longitude of its registered point.  
 \*In collaboration with GPS, you can enjoy a Spot Song at the spot where you want to listen

\* Tap "Nearby" to search up to 50 Spot Songs in order of direct distance from your current location to their Registered points

\* Each list shows Song & Singer Name, and the distance from your current location to the Registered point of Spot Song

**(Tips)**  
 If Name of song or singer is longer, all Name will be displayed by **Streaming**

\* The icon on the left shows **Status of the Singer** actually delivered for **BASE** as Original Singer, **COVER** as Cover Singer, and **BGM**. "none" as the undelivered song.

**(Tips)**  
 \* Basically, "none" songs are not displayed for Spot Songs.  
 \* But "none" songs might be displayed for Hit Songs due to continuity of the ranking.

**(Tips)**  
 \*If there are multiple Spot Songs at the same spot, the list is displayed in order of easy-to-read  
 \*At "Nearby" mode, if a song has some registered spots within 100km (for example, Shinjuku and Shibuya), the song is displayed only at one representative point.  
 \*At "Map" mode, all of these spots are shown.  
 \*At "Nearby" mode, the list order is updated every 3 minutes according to the distance. But, the playback will be performed according to the original song list unless you reset "Nearby" mode.

\***Song Genre** is displayed in upper right of screen.  
 \*Tap "Genre" to select a favorite Genre among Overseas / Cinema / Enka / POP / ROCK / Animation / Sports  
 \*Selected Genre is applied to the entire menu.  
 \*As shown in left, now "All" is selected to cover all Genre.  
 \*Tap a favorite song to start playback, then continue playback in the selected playlist.

**(Tips)**  
 \*Some Local Folk Songs are included in Enka.

\* Song under playing is displayed in "Playback Bar"  
 > Tap or the bar area to activate the "Play-Info Screen"  
 > Tap or to stop / play  
 > Tap for next song selection

\* Music Distribution Service / Free Trial

Music can be easily obtained through Apple Music latest Hi-Fi Music Distribution Streaming Services. It is extremely easy to use compared with the traditional import of songs via CDs.

- The music service for NAVI SONG is supported by Apple Music due to the higher coverage of famous songs and compatibility with iOS devices.
- > If you are currently using Apple Music, you can use NAVI SONG immediately.
- > If not, click the URL below and proceed to "Details of Apple Music, 3-month Free Trial Registration".

<https://www.apple.com/jp/apple-music/>

- \*Registration to Apple Music is required before operating NAVI SONG
- \* NAVI SONG is to confirm registration with Apple Music every time at starting up. Upon completing confirmation, a blue guidance display of "Distribution details ..." on the home screen disappears, then NAVI SONG is ready to operate.
- \* It does not support Downloaded Songs or Library Songs imported from CDs.

2. Spot Song by "Map"

\*Return to "Main Screen" of "Spot Song" by Short Cut Bar (Home/Spot Song/Hit Song) in the bottom

\*Tap "Map" Icon to open Map Screen

\*Registration points for Spot Songs in Japan and North America will be displayed with a Red Pin on the map.  
 \*In Japan, Green Pin shows seasonal flower spots and famous songs related to flowers.  
 \*Map can be zoomed in and out by Pinch operation. Also Swiping to scroll across the country

\*Tap Red Pin to display the registered Spot Name and Number of Spot Songs.  
 \*Tap Green Pin to display the name of the flower. (only in Japan)  
 \*Tap the Name Area to display a list of Spot Songs

**(Tips)**  
 \*At the Shonan area in Japan, Memphis in USA, Liverpool in UK, Stockholm in Sweden you can also search Hit Songs by Famous Singers such as Southern Allstars/Kayama Yuzo, Presley, Beatles and ABBA

\* Tap the desired song to start playback and the "Playback Bar" will be displayed.  
 \* After that, continuous playback will be performed within the range of this playlist.  
 \* Tap "Genre" on the upper right to set the desired song genre

**(Tips)**  
 \* The song list is arranged in order for easier to see.

\*Tap or the song title part of the "Playback Bar" to activate "Play-Info Screen"  
 \*Various song information and playback function settings is available  
 \*Topics shows the following Information Registered Spots / Cinema Star Name Song Monument / Hit Song Data and Ranking / Release year / Jacket (It may require to scroll downward to see the whole. Also it may not be displayed due to data availability)  
 \*Playback Function Buttons for Return from the left Cue / Play / Stop / Start / Random playback / Repeat playback  
 \* To get back, tap "Back" button

\* Exit / Restart for the App

If the error message does not disappear or if it freezes and does not work, please terminate forcibly the App as follows, and click the App Icon again to restart it.

- In case of iPhone6,7,8**  
 \*Push twice quickly the home button at the screen bottom > Running screens are displayed in a list  
 > Swipe up Navi Song Screen to delete
- In case of iPhone and beyond**  
 \*Swipe the home screen from bottom to top halfway > Running screens are displayed in a list > Swipe up Navi Song Screen to delete
- The operation of iPad and iPod touch is almost the same as above.**

- (Reference)**  
 \* Basic Settings for Navi Song  
 > Tap iPhone "Settings"  
 > Scroll to the downward  
 > Tap "Navi Song" icon
